Buffalo Grove Park District
Aquadome Pool Rental
Waiver and Release of All Claims

It is fully understood and agreed by the parties that the sponsoring organization guarantees to indemnify and hold harmless the Buffalo Grove Park District, its public officials, employees, volunteers and agents against any and all suits of any manner which might arise as a result of covered activities.

The sponsoring organization further agrees to defend said District, its public officials, employees, volunteers and agents against any and all expenses in the defense of any suit of any type arising out of the covered activity or any damages, judgment or decree which might be awarded against said District in the event that the suit should be brought as the result of the covered activity (ies) as identified above.

Pool Rules

1. No person suffering from any contagious disease or infectious condition shall be allowed to enter the pool.
2. Tobacco is not permitted anywhere in the facility. Food and drink are restricted to designated areas only.
3. Personal conduct within the pool facility must be such that the safety of self and others is not jeopardized. No running, boisterous or rough play, except supervised water sports are permitted.
4. People in street shoes, and other spectators, are not allowed in the wet areas of the facility.
5. Spitting of water, blowing the nose or otherwise introducing contaminants into the pool is not permitted.
6. Glass, soap, candy bars, lotion or other material that might create hazardous conditions or interfere with the efficient operation of the swimming pool shall not be permitted.
7. Diving in the shallow water is not permitted.
8. Caution shall be used when using the diving boards.

Important Information for Hosting an Aquadome Pool Party

Size of Your Group:

It is important that we know how many people will be in attendance at your party since this is how we determine how many lifeguards to schedule. Because state law requires us to report anyone in the pool area as a bather, regardless of whether they are swimming, you must count spectators in the total also. Be as accurate as possible. Once your contract is accepted, you cannot change the totals unless you pay a "Change-of-Contract" fee. **If more people show up than you show on your contract the pool staff will NOT be able to allow them all in the pool area at one time. If you are bringing a group to a public swim period remember that everyone who enters the pool area will be charged an admission fee, regardless of whether they are swimming or not.**

Available for Your Use:

Please keep in mind that there are only three tables and twenty-four chairs in the Aquadome's party room and NO MORE.

As the renter, you are responsible for set-up and cleaning of the room, tables and chairs.

If you have a larger group, you should probably plan on going elsewhere after your pool time. We have a refrigerator/freezer available to keep your snacks cold but is not very large so you may want to bring coolers. We advise that you bring your own locks for lockers because there are none available and the pool staff cannot take responsibility for person belongings.

Weak or Non-Swimmers:

If your group will have any young children who are weak or non-swimmers and you plan to have them wear floatation devices, keep these policies in mind:

- 1) Floatation devices MUST attach directly to the child's body. This excludes kick boards, inner tubes and other toys. Acceptable types of floatation devices include float belts and life jackets.
- 2) When a child requires a floatation device to be in the water, an adult MUST be in the water, within an arm's reach at all times. Adults may only supervise one child with a floatation device at a time.
- 3) The Park District **does not** provide floatation devices for private rental groups.

When to Arrive:

Please avoid arriving at the pool more than 20 minutes before your scheduled time. There are so many other activities scheduled at the pool that staff will not be able to give you their full attention. If you want to have access to the party room while your group is swimming you must reserve and pay for it. This will assure that it is available.

Pool Policies and Rules:

Since many people who come to a private rental are coming to the pool for the first time they are often unaware of the pool rules and policies. To help everyone have fun and stay safe, the pool staff will spend a few minutes describing the rules before letting them swim. This will take less time if you can make sure everyone gets out to the pool deck as soon as possible. The lifeguards will signal everyone to clear the pool two minutes before the end of your scheduled swim period to give your group a chance to get out of the pool and into the locker rooms before the next scheduled activity.

Security/Cleaning Deposits:

Pool rentals are very popular. We often have to schedule rentals back to back or schedule them right before a public swim period. This leaves no time to prepare the facility for the next group if a previous group leaves a mess. This is one reason for the security/cleaning deposit. The other reason is to secure your rental time. To assure that your deposit is returned it is important to make sure that your group leaves the facility in the same condition as you find it.
