

## Buffalo Grove Park District

Adam Gillick  
Travelin' Teens

Dear Parents,

I would like to introduce myself. My name is Adam Gillick and I am going to be the camp supervisor for Travelin' Teens this summer. This will be my sixth summer with the Buffalo Grove Park District. I worked as a counselor in Travelin' Teens last summer and had so much fun. I am definitely looking forward to a fantastic summer with your child, especially after surviving the brutal cold and snow we had this past winter.

I am currently a student at Arizona State University working on a bachelor's degree in special education. Working with middle and high school students has given me insight into the likes and dislikes of students, as well as the methods in which to assist children in having an enjoyable and memorable summer. My short-term goal, after my undergraduate degree is completed, is to attend graduate school for my master's degree in administration beginning in the fall of 2009. I hope one day I will be working with students in my own classroom as well as being an advocate for students with disabilities. One last piece of information regarding myself is I have certification in First Aid and CPR as well as utilizing the AED.

Working with me this summer are two counselors - Nicole and Suzanne. They are looking forward to having a great summer with your camper. Just a reminder Travelin' Teens camp starts at 9:00 am and ends at 3:00 pm. Please mark your calendars for Tuesday July 8<sup>th</sup>, which will be picture day. Travelin' Teens is located at Longfellow Elementary School, 501 S. Arlington Heights Road in Buffalo Grove.

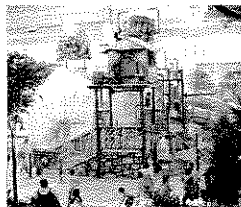

My staff and I look forward to meeting you and your camper this summer.

Sincerely,

Adam Gillick
