PRACTICE FIELD REQUEST

Attached is information concerning practice fields. To eliminate confusion, we require all teams to submit their choice for a practice field. Your request will be processed and a field permit form will be issued to you. When you receive the field permit, carry it with you to all your practices.

Included is a listing of all available fields with regard to age division. Please use these specific-sized fields when requesting a practice time. While the Park District recognizes that many coaches prefer to schedule fields based on location, regardless of size; many younger teams have a difficult time practicing on fields when an older group is practicing. Out of necessity, most of our fields are double-scheduled (two teams on a field at the same time.) Please schedule an appropriately sized field.

Practice field sizes are nearly identical to the game fields. However, some fields must be down-sized depending on the park site.

Fields are assigned on a first-come, first-serve basis.

Please mail or drop off this request form to:
